It is exciting to see so many new businesses opening in Staines-upon-Thames! Our community continues to grow and thrive with the addition of several new businesses, bringing a fresh vibrancy to our area.

Firstly, we welcome a new culinary delight on Clarence Street. Cornelian offers classic British dishes with a modern twist, sure to tantalize your taste buds and become a favourite dining spot for residents and visitors alike.

The High Street is set to get a delicious upgrade with the opening of Burger King later this year. Whether you're craving a Whopper or a quick snack, this new addition promises to be a hit among fast food lovers.

The Sony Centre has recently relocated to Elmsleigh Shopping Centre and Two Rivers is also buzzing with anticipation as Smyths Toys and Mountain Warehouse prepare to open their doors. Smyths Toys will be a haven for families, offering an extensive range of toys and games. Meanwhile, Mountain Warehouse will cater to outdoor enthusiasts with their high-quality gear and apparel.

BUSINESS CRIME REDUCTION PARTNERSHIP

We are currently in the process of setting up a Business Crime Reduction Partnership. We already have the support of Surrey Police, Spelthorne Borough Council, Two Rivers Shopping Centre and the Elmsleigh Shopping Centre and we are now signing up all businesses in the town centre.

What is a BCRP?

A Business Crime Reduction Partnership (BCRP) is a partnership-based approach to preventing crime and disorder. It is a subscription based, business-led, action group working with police and the local authority to tackle and reduce crime and disorder affecting businesses and the wider community.

What does a BCRP do?

Through BCRPs, businesses can work more effectively with police, the local authority and other businesses to create a safe and stable business environment. This includes working together to prevent repeat offenders from targeting businesses. For example, many BCRPs run an exclusion scheme based on the law of trespass, collectively excluding individuals from member premises.

BCRPs operate to make towns, cities and communities safer by:

- Collating intelligence on known troublemakers.
- Excluding from private premises on a 'banned from one banned from all' basis.
- Working with local police to enforce those exclusions and prevent further offences.
- Assist with the rehabilitation of offenders.
- Deliver local crime reduction initiatives

STAI SAFE RADIO

Our overall aim is to:

- Prevent and detect crime and anti-social behaviour
- Reduce opportunities to commit crime
- Reduce losses for our Members
- Help apprehend and act against Offenders
- Strengthen relations between Members, the Police and the Security Teams working in the town
